Agenda Items:

- Follow up: Safe walking routes to school

The city is working on a map to share with us that shows planned developments, trails, etc.

Trails: Will take to the city council for crack seal before all. Hopefully a full seal can be done next year. Someone from the city will also be walking the trail with Whitney for long-term lighting and landscaping ideas.

UDOT only supplies grants for UDOT roads. Other improvements need to go through the city (trails, etc.).

If parents have concerns about construction, contact the city.

- Goals  
What benchmarks have we met to date?

We are on track for most students to reach their goal.

What goals do we need to set for the remainder of the 2014-2015 school year?

N/A

What goals do we need to set for the 2015-016 School year?

Colleen shared data from teachers about their needs. Plan will be similar to this year's plan with a focus on math, language arts, and science. We will vote on plan next month.
