K-3 grade students will increase reading proficiency by 1% as compared to the previous year.

*Window will open on Friday. We'll know by the end of the year if we make that goal.

The SAGE proficiency rate in language arts, math, and science for Spring 2016 will increase by 2% points from the previous year.

*SAGE testing started. We will know by the fall if we reach this goal.

Considering using interim tests next year to better gauge learning.

Imagine Learning has test taking instruction.

5. 2016 – 2017 Plan rough draft

Double Dosing-very expensive. Is it worth the money? Will parents be able to commit? Time? Teacher instruction is most important. Reach out to parents to volunteer to have their kids participate. Double up with grades? (Ex. 1st/2nd ...)

7:15 a.m.-7:45 a.m.?

Do a better job of communicating with parents about purpose, etc

6. Concerns

Second: Julie
