Chromebook Checkout Information for Parents

Parents of ASD Students,
Schools will be loaning Chromebooks to students without access to a computer at home. We ask families to borrow only what is needed so that we have resources for everyone.

School Chromebook Checkout Services

Dates: Check with your school for details

Location:

Instructions to Parents

Visit the school to complete the Chromebook Checkout Form

- Provide Student and Parent Information and ASD Device Asset Tag #(provided at school at time of checkout)
- Review to to understand your responsibilities & consent to the "Agreement for Use of Instructional Technology" bit.ly/ASDtech (link also available in form at time of checkout)
- Devices are solely for the education of students of ASD
  - Parents are responsible for damage, loss or theft
  - Parental supervision is expected: ASD issued Chromebooks are on the ASD network filters as though at a school building. Filtering is not perfect.

Device Support

- Google accounts are set up for all 3rd - 12th grade students.
- Some k-2 students have not accessed their Google account yet. The school can help you set up this account when you arrange for the Chromebook
- Need tech support? Contact the teacher or go to alpineschools.org to submit a tech support request

Internet access is not provided by Alpine District

- Connect to home network (Google Help Center)
- No home network?
  Community resources may be available but are not sponsored by Alpine District.
  - https://www.**internetessentials**.com or https://about.**att**.com/pages/COVID-19.html offer low cost or free access to qualifying families
  - Comcast Corporate and AT&T are opening community based WIFI Hotspots to all users
  - Cellular Phone Plans: Some plans allow for hotspot connectivity. Please check with your carrier. Check with your neighbors.
- As other options become available, schools will be notified.
