## Help Prevent Prescription Drug Abuse!

Prevent teen prescription abuse by (1) setting clear rules for teen's not sharing medicine and always following medical provider's advice and (2) properly storing and disposing of pills using the MED method.

### Home Disposal: MED method

Mix medications with something gross

- Take pills out of original containers and place in resealable bag
- Mix pills with cat litter, dirt, used cooking oil, coffee grounds, etc. and toss the substance in your outdoor trash.

Extra pills need to be locked up to control access

Drop meds off at one of these permanent locations for free.
