-stakeholders report

- Monday March 31st 9:30 am new State SAGE (student assessment of growth and excellence) testing, instead of CRT, DWA and UPASS tests presentation.

From SAGE website:

SAGE (Student Assessment of Growth and Excellence) is Utah's computer adaptive assessment system aligned to the state's core standards. This comprehensive testing system includes the following summative, interim, and formative components.

SAGE Summative: Summative adaptive assessments required for state and federal accountability provided for English language arts (ELA), math and science

SAGE Formative: Optional learning resources, test items, and learning activities available to teachers, parents and students, linked to students' summative test results

Not a Common Core Test. Format will be different than before and so we expect test scores to drop by about 25% this first year. It will also has practice and formative tests available. Mr. Bowman will send us invites.

3. Items from the Public
