Welcome to Kindergarten

2017 – 2018

Class assignments will not be available until August 18, 2017. We will be having an Open House just before school starts, for your child to come and meet their teacher. All Kindergarten students will also have an individual appointment time with their teacher during the first week of school. They begin regular classes on Tuesday, August 29th. After Kindergarten registration, the **next communication will be in August when you receive an email from us.**

Here at Harvest Elementary we are a paperless school. That means that we use Electronic Communication to communicate with our parents. We send out weekly emails on Wednesdays, as well as utilize our website to get information out to the parents. Our website also has links to other websites, educational links, our school calendar, and lots of valuable information. We strongly encourage you to visit our website frequently.

In Alpine School District we use Skyward to track all attendance and grades, as well as keep track of all emergency information. You are assigned a login and password before the beginning of the school year. You must login and update all information (including emergency contacts) in order to see your child's track and teacher. We will notify you when you may log in to do this. We invite you to log on and track your child's attendance and grades often throughout the year.

You are not required to purchase any school supplies for the classroom, they are provided. The teacher will have a wish list available for items needed in the classroom that you can help with when you come to the school open house.

We are looking forward to seeing you when you start school in the fall.
