Principal's Message

Welcome to February!

We are looking forward to having our Parent Conferences on the 8th and 9th. It will be great to see you here. Just a reminder they will be held from 4:00 until 7:30 each night. If you haven't received word from your child's teacher about your scheduled time, please contact them prior to the conferences.

We would like to congratulate all of the students who participated in the science fair. There were some amazing projects! Thanks to Mrs. O'Very for spearheading this and to all of you who helped with the judging. And...thank you to all of the students who worked so hard.

We would also like to congratulate those students involved with ballroom. They received a bronze, silver, and gold medal at their competition at Timpview a few weeks ago! Way to go ballroom! Thank you to Mrs. Harris and Mrs. Barker for all of their hard work!

I want to thank our teachers for all of their hard work. This is a busy time of year. I am so grateful for the time they are spending on behalf of your children. And...thank you to you for your support of your children, their teachers, and also the staff of Hidden Hollow! It's wonderful to have such great support!

Please remember, as the weather continues to be cold, to have your children dressed warm for the weather. Our hope is that it will start warming up a little bit! Spring is just around the corner, right?

Thanks for being awesome!

Mr. Davies - Principal - Hidden Hollow Elementary

Hidden Hollow Elementary Home of the Hornets

Our Mission:
"Ensuring that each child has the education and skills necessary to achieve a successful, productive life, and to benefit society."

and winning grade announced
that afternoon.

Thank you to the PTA for sponsoring this week so we can celebrate families!

hello **seventh**
GRADE

Every sixth grade student at Hidden Hollow Elementary will need all required vaccinations completed in preparation to enter seventh grade. Tdap, a second chickenpox shot, and a meningococcal shot are required for seventh grade entry. If you turn your completed immunization record in to Hidden Hollow Elementary by March 9, 2017 (including the required seventh grade shots), the school nurse at Hidden Hollow Elementary will enter the records in the computer system and add it to the student's file. A state exemption form is also acceptable for this purpose. Don't forget to get your vaccines done and turn your records in to the office at Hidden Hollow Elementary by March 9 to get ready for junior high registration!

Thank you,
Carissa Jensen School Nurse

Preschool Registration for the 2017-18 school year will begin on March 20. Students must be 4 before September 1, 2017 to qualify. Go to www.alpineschools.org/preschool and click on Tuition Preschool to register. Classes are offered here at Hidden Hollow Tuesday - Friday from 9:00 am - 11:45 am. Tuition is \$180 per month. There is a \$75 registration fee. Please call the office with any questions.

SUBJECT: Medical or Sick Policy for Exclusion from School

Policy for Dealing with Communicable Disease in the School/Day Care Setting

Controlling communicable disease in the day care and school setting is of utmost importance. Providing a safe, comfortable, and healthy environment facilitates the educational process, encourages social development, and allows children to acquire healthy attitudes toward organized settings.

Children who are ill or feel sick can create difficulties in group settings. An ill child often demands more attention from the teacher or caregiver and cannot fully participate in group or educational activities. Worse yet, the child with a communicable disease may spread the illness to others. This is especially true in the case of medically fragile children. Accordingly, it is essential that educators, parents, and day care providers control the spread of communicable disease by safe, effective, and practical efforts.

The following are conditions of special concern to us for which children should be kept home and when necessary, diagnosed and treated by a licensed clinician before returning to school or day care:

1. **Colds/Flu**

Watery discharge from nose and eyes, sneezing, chills, general body discomfort, or if there is a fever or yellow or green drainage from eyes or nose it is particularly important to keep the children home.

2. **Diarrheal Diseases**

An increased number of stools compared with the child's normal pattern with increased water and/or decreased form which may be accompanied by nausea, vomiting, abdominal cramping, headache, and/or fever. If any kind of stool softeners (fleets, enema, laxative, etc.) are administered, please keep student home for at least 12 hours.

3. **Impetigo**

Blister-like skin lesions or oozing or crusted sores could be Impetigo which **MUST** be diagnosed and treated with antibiotic for at least 24 hours before the child may return to school.

UTAH COUNTY HEALTH DEPARTMENT

Ralph L. Clegg, E.H.S., M.P.A.
Executive Director

Eric S. Edwards, M.C.H.E.S., M.P.A.
Deputy Director

- 4. **Pink-Eye or Conjunctivitis**
Redness of eye(s), watery, white or yellow discharge from the eye, matted eyelashes, burning or itching eyes may be infectious conjunctivitis which **MUST** be treated antibiotic for at least 24 hours before the child may return to school.
- 5. **Any open wound or sore**
- 6. **Persistent cough**
- 7. **Nausea or vomiting**
- 8. **Strep throat or other bacterial infection not on antibiotic for at least 24 hours**
- 9. **Fever 100 degrees or above**
- 10. **Presence of any skin rashes that might be due to an infection (ie. Measles, strep, staph, fungus, chicken pox)**
- 11. **Foul smelling urine, or blood in urine**
- 12. **Earache or ear drainage**

It would be greatly appreciated if children with these problems could bring doctors notes when they return to school.

Thank you for helping us care for and teach your children by providing for their medical needs.
