School Trust Lands

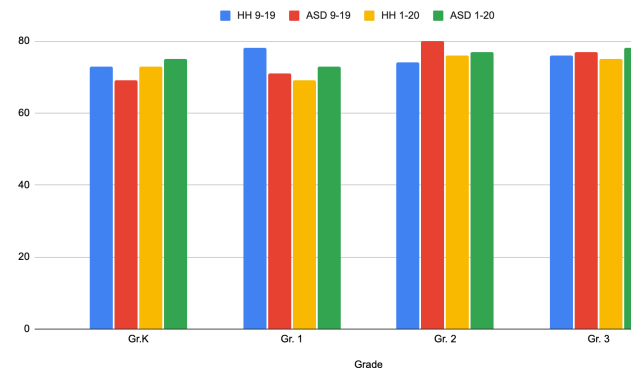

The School Trust Lands Administration has the responsibility to generate funds for Utah's public schools from public lands that are held in trust by the state. Hidden Hollow received approximately \$151,000 for the 2020 – 2021 school year, which includes funds carried over from the 2019-2020 school year. After gathering input from patrons and teachers, the School Community Council determined how to best use these funds to support academic needs at Hidden Hollow.

With those funds and as part of the School Improvement Plan:

- * 123 Chromebooks were purchased. Headphones were also purchased for several grade levels to accompany the new technology.
- * Aides to provide literacy interventions were funded.
- * .2 FTE use was used to support Music and Language Arts integration
- * Teachers participating in various professional development opportunities throughout the year.
- ** The School Community Council reviews the School Trust Land Plan annually.

This represents our final literacy data due to the pandemic that began in March 2020.

Percent Students Proficient, Acadience. Sept 2019 to Jan 2020, with ASD average comparison.
