

# Highland Elementary School Community Council

## Thursday, October 6, 2016

Minutes approved

Brittney and Hyeyoung excused

Bond Presentation – Here are some key points highlighted.

- Taxes will not be raised if bond passes because:
  - Quick pay off of previous bonds
  - High district rating AAA
- All information available on district website - <http://alpineschools.org/bond2016/>
- Highland Elementary is part of the .8% portion. Mostly used for moving the office to the front of the school so guests must enter through.
- Other security measures included are key card entry and more cameras.
- Highland part of phase 3.
- Other key things needed outside of our school for district. Phase 1:
  - New high school in Eagle Mtn. Currently Westlake has over 34 classes not in main facilities.
  - New elementary in Eagle Mtn.
  - New elementary in Lehi.
- District's purpose is to make sure people are informed and it is very clear what the bond is used for –please share info with your neighborhood.

Bond Q/A

- Jaime represented Friends of Alpine School District. Any support of the bond would be appreciated via facebook or other social media. Their website is [www.friendsofalpine.org](http://www.friendsofalpine.org). Bonds don't often pass in Highland so any help getting people informed will be huge help.
- Why does the office need to be moved? District would like guests to pass through the office to get into the school so they know who is coming in and out.

Next meeting

- Reminder that meetings have been changed.
- Next meeting Nov 3 3:40.
