

Our Mission:
"Learning at High Levels for All Students."

This means we believe that all students can learn. And, it is our stewardship to ensure that we are providing the best educational environment and experiences to help each child learn and grow to reach greater heights.

How are we going to ensure all students learn? Through our Vision and our Values.

Our Vision:
"Effective Collaboration."

Together as individual grade level teams and as a whole faculty, we collaborate to identify what students need to succeed. We analyze data to know exactly how we are doing with every standard and helping every child. We seek out best practices to have the right tools to ignite the spirit of discovery and a love for life long learning.

Our Values:

- L** = **L.I.O.N.S.** Learning for ALL is our Primary Aim.
- I** = Individual Students are our Main Focus.
- O** = One Entity, We are United in Purpose.
- N** = Non-Negotiables, in the Core Curriculum.
- S** = Stay the Course in Implementing Best Practices.

Don't Forget!!
January Events

- 6th— First Day Back after break
- 7th— PTA Meeting @10:00
- 10th— Spelling Bee names due
- 15th— 3rd Grade Dads & Donuts
- 17th— Spelling Bee
- 20th— Martin Luther King Jr. Day
- 23rd— Robotics Class Starts
- 30th— Science Fair Set Up
- 31st— Science Fair

Lehi Elementary

"Learning At High Levels For All Students"

January 2013

Principal's Message

We've had a very busy month in December. First, I would like to express our appreciation to Home Depot for their generous donation of a Christmas tree and decorations. It really added to the holiday spirit. Also, I would like to thank Amy Grace for the donation of the stuffed lions and tree skirt for the tree, they were just what we needed to tie our school spirit in with the holiday spirit. 🌸 We kicked off our Science Fair with a very cool assembly from the BYU Chemistry Department. They captivated the students with fun science demonstrations like making a flame tornado. You should have seen how excited the students were when they learned all the neat things that you can do through science. Thanks to Jamie Moesser for coordinating the event with BYU. 🌸 Our Drama Club had their first puppet show which was a hit. Club members, under the direction of the club supervisor, Mrs. Gottfredson, made their own puppets and wrote their own adaption of common fairytales. It was not only fun for the club members but for those who attended their performances really enjoyed it as well.

Jamie Moesser for coordinating the event with BYU. 🌸 Our Drama Club had their first puppet show which was a hit. Club members, under the direction of the club supervisor, Mrs. Gottfredson, made their own puppets and wrote their own adaption of common fairytales. It was not only fun for the club members but for those who attended their performances really enjoyed it as well.

🌸 Our Librarian, Mrs. Peterson, read to all the

students the story of the Candy Bomber during their library time. The story is about Colonel Gail Halvorson from Salt Lake City who during the Berlin Airlift in 1948-49 dropped over 850 pounds of candy throughout the operation to children in Germany. The candy was dropped out of the aircraft individually with handkerchief parachutes to the children below. To commemorate this great event, Mrs. Peterson had each student make a candy parachute that was dropped to them from our tallest ladder in the gym. Each child enjoyed the opportunity to catch a piece of candy as it floated down to them. 🌸 Lastly, we wrapped up the month with our annual Christmas Sing. Each grade level

entertained their parents and then the rest of the student body by singing selected holiday classics. Special thanks to not only all the teachers, but to

Mrs. Vangie Jones for the music selection, and piano accompaniment, and to Mrs. Reid and Gottfredson for orchestrating the events. It was so much fun and the songs were very festive. The drama club even put on a Christmas play with acts in-between each of the grades singing during the Friday school-wide assembly. **Go Lions!**
