

Lehi Elementary PTA Newsletter -- February

PTA President's Message

January was a busy month for our students at Lehi elementary. We had a successful spelling bee, began play practice, and just finished the science fair. We also started our after school robotics class. Let's not forget to mention the continuation of choir, band, double dosing, and the programs for gifted and talented held before school. I'm so excited for the growth our children are experiencing. We seem to be making a lot of progress at Lehi Elementary.

We appreciate all the extra hours the students spend learning and the parents that help volunteer every day of the year. Just imagine what we can accomplish in the second half of the school year! Thanks for your help!

Sincerely,
Amy Grace and Heather Rasmussen, Co-Presidents

Science Fair -- Thank You!

Thank you from the bottom of my heart to all those who volunteered or judged at the Science Fair. It couldn't have been done without you. The top winners from each grade will be announced on Monday, Feb 3rd. These kids will move on to the district science fair on February 18th at Pleasant Grove High. Congratulations!
~Jamie Moesser

**BINGO FOR BOOKS
FEB. 20 -- 6:30 PM**

Calendar

February

- 3 Kindergarten Registration begins

Dads & Donuts

February 12th
Fourth Grade -- 9:15 am

Congratulations to our Spelling Bee Winners!

1st: Cooper Doyle
2nd: Trevor Smith
3rd: Bailee Jukes
Cooper will go on to the area
Spelling Bee on
February 22nd. Good Luck!

Annie is going great!
No rehearsal on the
6th because of parent/
teacher conferences. Your child should be
off-script (have their part completely
memorized) by the 4th :)

CHOIR

For those who aren't involved in the school play (Kindergarten through 3rd grade) **Choir** is held Wednesday mornings at 8 am in the gym (please be on time). Questions? Heidi Needles at 801-768-2606.

Community Council

Open to everyone, the Lehi Elementary Community Council is an advisory body. Our school receives an annual dividend from the School LAND Trust Program and the council reviews and prepares plans for this and other academic improvements for our students each year (all plans are reviewed by the school board). The council will meet Thursday, February 20th at 3:30pm at school.

Have you tasted the air lately? Then you know we all need to do our part to help cut down on emissions. We would like your help to reduce idling. Did you know that if everyone in the United States stopped idling for five minutes a day it would be equivalent to taking five hundred thousand cars off the road and saving one point six million tons of CO₂? By turning your engine off when parked for more than 10 seconds, you will save money by reducing fuel use. You will breathe easier by preventing unhealthy exhaust from building up in and around your car, and you will protect the blue sky by reducing idling emissions that contribute to smog, because 10 seconds of idling uses more fuel than restarting your engine. To learn more go to www.idlefree.utah.

Classroom Volunteers

Volunteering in your child's class is fun and rewarding ... and it gives great benefits to our school!

One-on-one help with reading and math for students moves everyone forward, and helps give individual attention and while not taking teachers away from the rest of the class. You can volunteer as little as 30 minutes a week! Just talk to your student's teacher ... they would love the help!

Do you have a child going into **kindergarten** in the fall? To **register** them, you will need to have a copy of their **birth certificate** and have their **vaccinations** up-to-date. The Utah County Health Department (UCHD) can help! Copies of birth certificates can be obtained in American Fork (599 South 500 East) or Provo (151 South University Ave). The UCHD can also look up vaccination records (medical provider participation required). If you need immunizations, they provide all childhood vaccinations (including Kindergarten and 7th grade boosters). Most insurances are accepted, and they offer low cost Vaccine for Children (VFC) Program vaccines (availability based on income). Details available at www.UtahCountyHealth.org.
