

# Lehi Elementary PTA Newsletter -- April

## PTA President's Message

Dear parents,

Here it is, April. I can hardly believe how fast the school year has gone by. Our school has accomplished so much this year. Congratulations to our cast of "Annie," Battle of the Book contestants, Knowledge bowl teams, and our Robotics course. They did a wonderful job! Let's not forget our choir, band, ballroom dance club and our before school gifted and talented classes. I'm excited to see all they've learned in their upcoming performances.

We're approaching our end of year tests again. I know our faculty has gone the extra mile in helping to prepare our children. I hope we remember all their hard work during Teacher Appreciation Week in May.

Let's encourage our children to finish this remarkable school year on a positive note. Keep up the great work students, teachers, and parents!

Sincerely,

Amy Grace and Heather Rasmussen  
Co-Presidents
