

Is your child struggling?

If your household has experienced any serious stressors like these,

divorce illness
death
trauma addiction
injury separation
violence poverty
abuse neglect
incarceration

it could affect your child's behavior and performance in school.

If you're concerned about your child, come to our free community class:

STRESS SENSITIVITY

Learn:

- The science behind life stress
- The effects of toxic stress on school performance and behavior
 - How to respond to your struggling child
 - Resources to help you further
