

SHARP Survey

Student Health and Risk Prevention

Alpine School District has agreed to participate in the Student Health and Risk Prevention (SHARP) Survey Project sponsored by the Utah Department of Health and Human Services. This survey is available to **SIXTH GRADERS ONLY and will take place in February**. The purpose of the survey is to gather important information needed to plan prevention and intervention programs to combat such problems as alcohol and other drug use and violence in our schools and communities.

The SHARP survey requires “active parental consent”. This means that parents must “opt-in” in order to participate. Students whose parents refuse permission, and students who do not return a consent form, are not allowed to take the survey. Please watch for consent forms and dates to come soon.
