as

**MOUNT MAHOGANY
ASSISTANT PRINCIPAL**

ALPINE
SCHOOL DISTRICT

I am very excited to be joining the Mount Mahogany family!

I am originally from Texas, where I taught 6th, 7th, and 8th graders in middle school. I taught technology and pre-athletics for 6th graders, as well as coached 7th and 8th grade girls basketball and track & field for two years. After moving to Utah, I began teaching 6th grade at Riverview Elementary where I have been for 4 years. While at Riverview I served as a student council advisor, a social media representative, and team-lead. I am looking forward to growing in my capacity as an educator and an educational leader.

I am looking forward to supporting students and teachers at Mount Mahogany in any way I can. My biggest goal in my educational career has been geared toward helping create and maintain a love of learning for all students. I am looking forward to working with some amazing teachers and staff to continue all of the wonderful things happening at Mount Mahogany!

I currently live in Santaquin with my wife and my 4 dogs. Yep... I said 4 dogs- they can be a lot but I love them each so much. I also enjoy hiking, eating all types of food, taking care of my plants, and true crime. I love learning new things and making connections with new people. I'm very excited to meet and work with everyone. Go Rams!
