

During the 2018-2019 school year, students from grades 3-6 at North Point Elementary will have the opportunity to participate in Battle of the Books, a voluntary reading incentive program that encourages careful reading of quality books in a variety of genres. Students read specific books throughout the year and compete as teams in quiz-show style battles in the spring.

BOB is a national program (http://www.battleofthebooks.org/) in which the Alpine School District actively participates. The district encourages its schools to participate as well, including inviting winning 5th/6th grade teams to represent their schools at a district championship each year.

You can get a head start this summer by reading some of the books. It is possible that the list might change slightly by August, so start with the books you're most excited to read. Keep in mind, because you will be a member of a team, you will not need to read all the books yourself. Happy reading!

3rd/4th Grade Reading List
