

I am so excited to join the North Point team! I've taught preschool, 2nd grade and 6th grade. Now, I'm eager to start a new adventure in 5th grade. I've lived in many different states, I love soccer and football, but most of all I love makeup and shopping. I love laughing with my students and I especially love reading with them. I can't wait to have a great year here at North Point!
