

My name is Rebecca Wright. I have taught computers for the last 4 years. Before that I stayed home with my 3 kids and taught an in-home preschool with my sister in law. Before I had kids I taught for 5 years, 1 year of 6th and 4th grade language arts and math and 4 years of 4th grade. I love spending my days helping kids learn. Some of my favorite things are: hanging out with my family and friends, watching/playing baseball, and reading. I have the coolest kids and husband. We spend a lot of our time watching our kids perform in competitive cheer, competitive dance, and plays. Most weekends you can find us at one of those things. My favorite baseball team is the Washington Nationals. Summer nights watching baseball is one of the best things about summer. I always have a book handy for when I have a few free minutes. I don't have one favorite book because there are too many to choose from, but one that I have read many times is Holes. I am excited to be at North Point and to get to know all of the families.
