

Greetings, Navigators! I am incredibly excited to join North Point as your new assistant principal. Hailing from Spain, my journey in education spans 16 years and three countries— Ireland, Spain, and the USA. My passion for teaching languages led me to the United States, where I've taught both lower and upper grades, equipping me with the skills to guide students towards greater success.

In addition to my classroom experience, I've served as a Teacher on Special Assignments at the district level, supporting multilingual students and educators for the past three years. Outside of work, I'm dedicated to living a healthy lifestyle and enjoy spending time outdoors with my partner, Chris, and our three children, aged 5, 6, and 7.

A fun fact about me: driven by my love for learning, I recently completed my doctorate in Leadership and Policy in Education. I am eager to bring my passion, experience, and enthusiasm to North Point Elementary. Here's to a fantastic new chapter together!
