Celebrations:

Benefits of Solution Tree Conference-It was AWESOME! The faculty bonded, became closer, and focused as a whole school team.

Results of Data Gateway for Sage- Orem Elementary got an A!!! We continue to have growth. Congrats to our wonderful and outstanding teachers!

Teacher Presentations:

2nd Grade Team (Laura Giles, Debbie Cram, and Kelly O’Roark): They thanked us for their teacher collaboration days. They were able to train the new teacher, Kelly O’Roark. They also were able to review and update their essential standards, common assessments, rubrics, pacing guides, and reading assessments. They might need another collaboration day later in the year but want to wait and see how their Monday collaborations go before asking for more days.

Cassi Rindlisbacher: She shared what was learned at the Solution Tree Conference and thanked us for sending 7 teachers and Andrea. They learned about PLC and ways to improve collaborations by working toward being a team. They decided to have 3 areas of focus that will be implemented at OES: 1. Special Education at OES 2. Intervention Times 3. Team Collaborations

Laura Giles: She reviewed the Summer School data and the kids’ progress. She explained what was taught-reading and writing. The kids enjoyed to come. Laura felt it was very beneficial for the kids and helped most of them.
