1. Bylaws-
  1. We will now have 5 parent members instead of 4.
  2. Parent members cannot be employed as a licensed educator by the school district.
  3. Bylaws were approved and signed by SCC members
2. Teachers report on Gifted and Talented enrichment activities: Math Rotations  
Cal Wimmer- Math Rotations- they switch every 3 months, flexible groups where kids can move to different groups based on test scores, tracking is difficult.  
Debra Reinhart- Math Rotations- they have 4 groups, they collaborate almost daily, gifted class gets to do enrichment projects. The whole team is working on getting their Gifted/Talented endorsement!  
Sherrie Russell- Math Rotations 4 groups, very fluid, keep same groups all year, lots of teacher collaboration and tracking of students
3. Welcome to Amber Gardiner – district community council visitor
