Topic: Parents as Partners in the IEP Process

Parents are important members of the IEP team. They can and want to be effective partners with other members of the team in developing and delivering special education programs for their student with disabilities. This workshop will help parents understand their role, rights and responsibilities in the IEP process. They will learn how to effectively prepare for, participate in and follow-up on IEP meetings held on behalf of their student.

Maria Wiscombe, Utah Parent Center Parent Consultant for Alpine School District, will present this workshop. She is also a parent of a child with special needs.
