

# Sage Hills Elementary

## 2014 Stakeholder Report

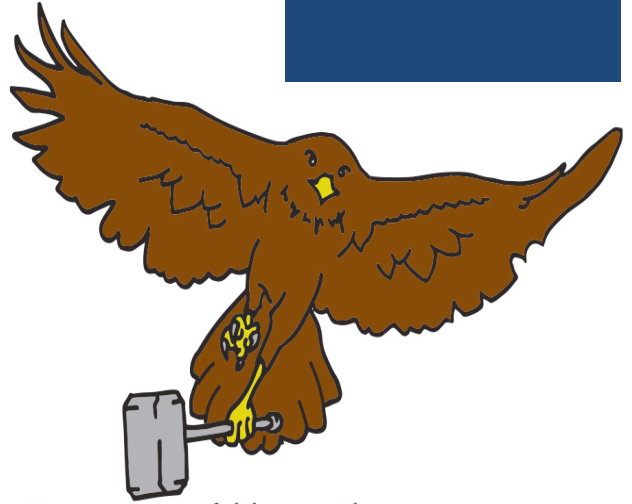

Sage Hills is dedicated to educating all students to recognize and achieve their highest potential. Whether battling about books, hopping on the Polar Express, or transforming a school into Hogwarts, our collaborative teams are celebrating the positive character traits of our students.

# SAGE HILLS EARNED A B GRADE

# B

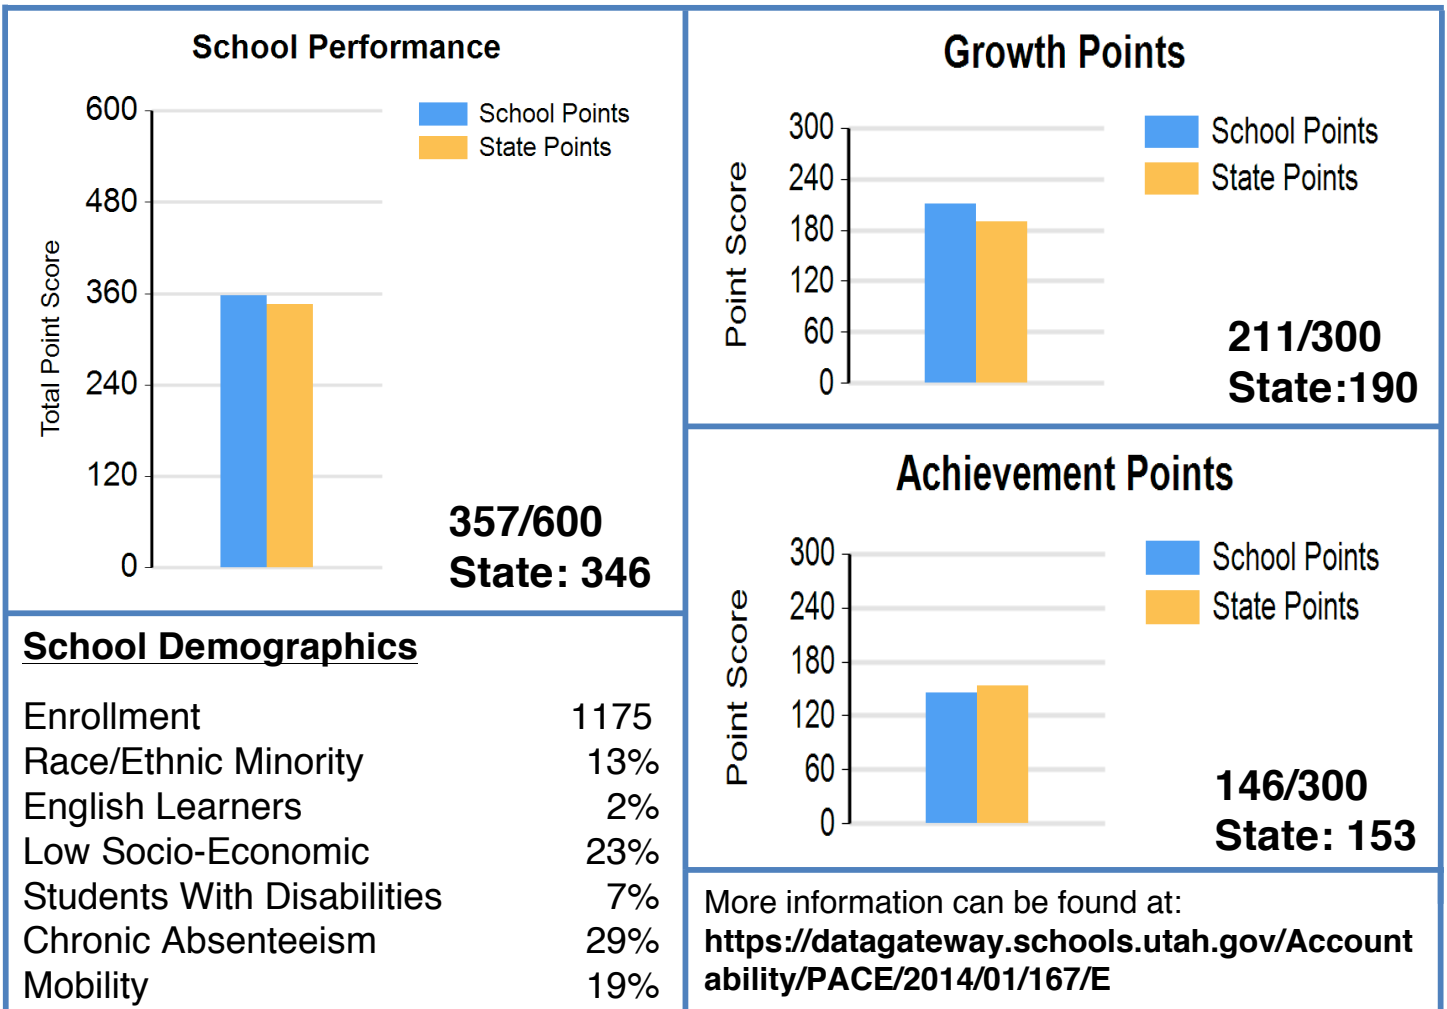

## State testing results for 2013-14

PACE (Prepare, Access, Complete, Economic Success) is the state accountability system. Under the PACE framework, every school can earn a total of 600 points based on student achievement and student growth (300 points for achievement and 300 points for growth). Math, language arts, and science are the subject areas measured. Sage Hills earned a total of 357 points overall.

### Way to go Thunderhawks!

# School LAND Trust Accountability

## 2013-2014

### How the \$73,934 was spent

#### Mobile Computer Lab

This year we purchased an iPad lab and a Chromebook lab to increase our technology resources. These mobile labs move from classroom to classroom. Students are able to use these labs to do research and to access various forms of media and information. They are used for students to use Imagine Learning, Raz Kids, World Book, Utah Write, and other learning programs. These labs have been a great resource for our students as we strive to improve our reading, math, and science scores.

#### Double Dosing and Aides

Each grade-level team has developed a double dosing program that allows them to provide additional assistance with specific concepts. Classroom aides help facilitate student learning during the double dosing time in our 1st through 6th grades. Kindergarten teachers have created an intervention program between their morning and afternoon sessions to support students. Additional funds were allocated to provide teacher teams summer collaboration grants to plan and prepare in the areas of greatest need.

#### Supplies and Software

The Take Home Library is funded through our LAND Trust funds to provide necessary books, supplies, and materials for this program to function. Additional funding was allocated to support art and music programs. LAND Trust funds were also used to purchase a data assessment program which helps teachers quickly determine which students need additional support. Once these students are identified, teachers are able to focus on concepts the students are failing to understand.

# ALL ABOUT SAGE HILLS

Great Parents, Teachers, Patrons, Students, and Staff combine to create a learning community that centers on student learning and celebrates a culture of kindness.

**School Community Council Members** Chair: Mindy Greene; Parent members: Kris Anderson, Shiree Dome, Carrie Lee, Kara Martin, Stephanie Watson, Jamie Wixom. Teacher members: McKay Perkins, Caroline Ball, and Lindsay Rowland. Brady Rowley, Principal. For more information about the SCC, visit the school website [sagehills.alpineschools.org/](http://sagehills.alpineschools.org/). Materials are also available in the front office. SCC elections are held in the Fall.

**Meeting Dates:** Oct. 8, 2014 - Nov. 6, 2014 - Jan. 7, 2015 - Mar. 4, 2015 - Apr. 1, 2015 - May 6, 2015. All meetings are held at 4:00PM. The public is welcome.

## PTA

From Hogwarts to Polar Express, Fun Runs to Reflections, Plays to Teacher Recognitions, our PTA provides a bridge between school and home. The PTA is an essential partner that helps us combine our focus of student learning with fun experiences to keep our families engaged with our school. Our PTA has also provided funding for assemblies and grade level grants for student field trips. For additional information, please contact our PTA President, Kara Martin.

## Character Connections Program

Each month we focus on a specific character trait that students have the opportunity to learn about and more fully develop. During our student recognition assemblies, we highlight students who have completed specific tasks related to the character trait of month. One student from each class who has exceeded the required tasks gets to eat lunch with the principals.

**BATTLE**  
 **OF THE**   
**BOOKS**

## Battle of the Books

Sage Hills has participated in America's Battle of the Books for the last four years. Student teams work together to read a prescribed list of books in preparation for the battles. During the spring, teams compete by answering questions about the books they have read. The championships occurs during and assembly where the top teams from each level face off to determine the winner.
