# 2018 Expanding Your Horizons Conference

## Calling All STEM Stars who want to Expand Your Horizon skills!

If you love science, technology, engineering and mathematics, then this one-day event will expand your hands-on universe.

Join us on March 3, 2018, for the annual UVU Expanding Your Horizon Conference

**ELECTRONIC WAIVERS MUST BE COMPLETED BEFORE THE CONFERENCE.**

### SCHOOL REGISTRATION: BY SPREADSHEET

Schools should register by spreadsheet this year.

Spreadsheet registrations need to be in no later than February 23, 2018. We will import the spreadsheet into our online registration system. To ensure your students get their top workshop choices, we need the spreadsheet back ASAP, before the end of February. The sooner they register, the more likely they are to get the workshops they want.

### SCHOOL REGISTRATION:

### WAIVERS - ELECTRONIC VERSION ONLY

Waivers are being done electronically this year. We will not be offering a paper waiver to be signed.

We have partnered with DocuSign to assist with this process. It only takes a minute and will greatly relieve the check-in process for the conference. The course code is required for completing the waiver form.
