How to get the students to comply: email to parents and SNAP assembly.

Discuss School Land Trust Plan

Lower grades –DRA did great.

Upper grades – DRA not so well, but CRT's did the best we have ever done.

New scoring system: we scored about average.

Focus for next year needs to be that all students improve from where they start the beginning of the year.

Praise: Teachers did a good job educating the students about voting on or before Election Day.
