Principal Message

I find new beginnings motivating. The start of a new year brings hope, opportunities, and goal-making. Here are two great thoughts about goals.

- 1. Write them down. A goal not written is just a wish.**
- 2. Review often- reviewing 1x weekly keeps your subconscious mind working on them.**

From the Office

Please give messages to your children before school. Relaying messages interrupts lessons. Teachers would greatly appreciate it.

Lost and found

Our Lost and Found box. is getting full. If you are missing a jacket or coat, please have your students check there for missing items.
