

SCC Meeting

October 21st

1. Calendar Review- third Wednesday of every month 4-5 PM in the library
 - No meeting in December!
 - No meeting in May
 - Change the April Meeting from the third week to the second week. It will be held on April 14th

2. Review the notes from last meeting:
 - Names and Addresses for legislatures- thank you's for trustlands monies, what is the council doing and how are the funds being spent
 - Carry over budget is \$101,000 and change
 - Action items from the website

3. Data Review: Acadience, District Benchmarks:
 - **Letter Name Fluency LNF** (color coded as grey) is something that is not going to hinder the child's reading ability.
 - Not something that we look at.
 - PSF- phonemic sounds
 - NWF- CLS- correct letter sounds WWR- whole words read
 - ORF- Oral Reading Fluency- fluency, accuracy, retell, quality score as well
 - Daze is now called Maze = Students get a story where words are missing and they have to pick the words that fits the text.
 - Data comparing Thunder Ridge to District- we are lower compared to in years past the district is also lower, there are some schools throughout the district that do Acadience K-6
 - Why is this data not left in the Skyward for everyone to have easy access to?
 - Not sure why.
 - Data Comparing Alpine School District to the State: ASD is higher compared in 1st grade through 6th Grade
 - Thunder Ridge does not do Acadience in 4th through 6th grade, but there are other schools in the district that do.
 - We are finding that it is not relative for the upper grades
 - BOY District Assessments- tests on previous the year EOY standards
 - Blue- advanced Green- meets the standard Yellow- Emerging Red- Below Gray- No Score
 - Our scores are similar to the district
 - About 2nd grade we notice that students either got it or didn't
 - This data shows us that online learning is not equitable for all students

- The percentage of students with low scores is more prevalent in the upper grades
 - Teachers are looking at this data to help fill in the gaps from our break in the Spring
 - If you want to know what the abbreviations mean for the standards, you are go the UEN website to look them up:
https://docs.google.com/document/d/1A2DY0EeF_LIRTRSxNpsG6R4PjG6GC3i25n1xFFMvco/edit?ts=5f90b00f
4. Trustlands Proposed Amendment: What are teachers saying they need help with?
 - We've increased our aide time (especially in the lower grades) . We now have aides Tuesdays-Friday.
 - We have \$10,000 carry over can we put that into the aide bucket to continue our current aide time through the year.
 - Called a vote to move the \$10,000 into the aide bucket, so the aides will be able to continue to help in the classrooms through May.
 - The vote was unanimous.
 - Asked if we can replace the SMARTBoards with Apple TV and TV's. Schools who have gone to TV's are slowly getting rid of them
 - Projectors and other technology that's failing- projectors are being replaced with from last year's trustlands.
 5. Procedures and By-Laws:
 - Missing them and we'll address this next time
 6. Letter to Government Officials:
 - Jeana Swapp will write to Jacob Anderegg
 - Marcus Griffin will write to Mitt Romney
 - Jessica Young will write to Governor Gary R. Herbert
 - Carla Jensen will write to Cindy Davis
 - Someone needs to write to Mike Lee
 - These are warm fuzzy thank yous.
 - Asked if there are past letters that we can refer to if needed.
 - They just want to see if the money is relative in schools.
 7. Additional Items:
 - Julie Shumway emailed Jeana: Concerned that there are no flags out to help students with walking to and from school. Carla is also still concerned as well. Contact the city about this Gordon Miner. It won't hurt to contact their city council members. Corrine Prestwich has an idea to help with this.
 - Jen Hatch is needing to bow out of our SCC. Carla will look into how we handle this with the district.
 8. Action Items:
 - Carla will send us example letters to send to the Legislature.

- Reach out to the other board member about the other Council applicant
- BOY of the year Standards link
